

# G3 GROUP

## CHECK-UP

### EVALUATING YOUR G3 GROUP

The **G3 Group Check-Up** is a series of questions that will help you reflect on your time as a group and identify areas that you have grown and areas you need to focus on in the coming months. Have your members do a "**check-up**" at the start of each new part of the G3 Process. At the conclusion of your group, have them complete it one last time. (Don't forget to drop off results to the church office.)

### INPUT PROMOTES OUTPUT

The spiritual disciplines we practice each week (input) serve to change our hearts and attitudes to be more like Christ. Out of these disciplines should develop a desire to live as Jesus did. These inputs result in the following outcomes:

- **Missional** - Intentionality to reach the lost
- **Accountable** - Openness to one another in Christ
- **Reproducible** - Investing your life into others (spiritually)
- **Communal** - Actively involved in your church family
- **Scriptural** - Grounded in God's Word
